Details:

Our Caradoc sands family strives to have the best course conditions and offer beautiful amenities for our members to enjoy. Over the Last 7 years we have grown significantly and will continue to grow and offer more and more to our guests.

Caradoc sands on an average in the last 5 years has been open 10 1/2 mths for golf play. Much more than any other course around us which is more golf for your membership money. We offer many feature nights through the season for ladies, men, couples and families.

During our golf seasons we will host several tournaments and specialty days. Some of these days fall on weekends some fall on weekdays. This is a part of golf in our area and many of these tournaments we host provide funds for local charities. Not all tournaments close our course and such will result in open tee times throughout the day to accommodate you as a member. We try and start tournaments at different times depending on day, reason is to accommodate league times and member times. You are not always going to get your exact/regular tee time during tournament days, when we open up times we are doing this to open up play to accommodate our growing membership base. Your regular tee time on a tournament day or specialty day may need to adjust for these situations. We do our best to accommodate all people and events and there is only so much time in a day.

Sample golf tournament tee sheet set up so we don't close course.

### **Mt brydges lions- july 20<sup>th</sup> 2019. 1pm shotgun 144 players**

Tee times open front and back nine 7:32- 9:am. (Cross over start)  
Allows us to open up play for almost 90 players.

### **Chamber of commerce sept 15<sup>th</sup>, 2019 11 am shotgun 72 players.**

Front nine open from 7:32-9:16am (52 players)  
Tee sheet Blocked from 11 am - 1:44  
The tee sheet re opens from 1:52 till close. (lots of players)

I have read and understand the membership agreement for a 2019 member of Caradoc sands golf club.
